

# Down & Feather Testing

## **Down and feather testing is a unique, difficult challenge because:**

- Down is a natural non-homogeneous product
- Material can be blended in unlimited combinations
- Fillings are not transparent to the user
- Testing is labor intensive and requires experienced staff

## **Since 1978 IDFL is the global leader in down and feather testing:**

- 12,000 samples per year • 50,000 tests per year • Clients in 70 countries

## **All types of customers depend on IDFL test reports:**

- Consumers
- Down Processors
- Sewing Manufacturers
- Retailers
- Distributors
- Government Regulators
- Trading companies
- Trade Associations

## **We can complete all tests in all standards:**

- EN (Europe)
- Australia
- GB (China)
- Swiss
- Korea
- IDFB (Int'l)
- Taiwan
- Canada
- USA
- JIS (Japan)

## **IDFL also provides the following:**

- Factory inspections and audits for bulk down and finished products
- Collection of samples from factories or retail stores
- Consulting for product specification and quality assurance programs
- Ongoing down and feather research

Testing, Inspection, Consulting and Research Excellence
