## IDFL 2012 in Review

IDFL is pleased to announce that 2012 was a record year. Work orders increased 20-30% in all IDFL laboratories.

Other significant IDFL events for 2012 include:

- Official Opening of IDFL Taiwan laboratory
- Developed standards for DWR testing
- Held seminars in Taiwan, Australia, Korea, Japan, Switzerland and many locations in China & USA

## Lab Tours during 2013 Salt Lake OR Show

During the 2013 Outdoor Retailer Show in Salt Lake, IDFL will hold a seminar each day at 9:00am 22-26 January.

Seminar topics include:

- DWR Testing
- Downproof / Fillproof & Fill Power
- Jacket testing for both down and synthetic fillings

Also, daily lab tours will be held at 8am, 11am, 1pm, 3pm and 5pm. Please contact [amphay@idfl.com](mailto:amphay@idfl.com) for details.

## DWR Down Testing Updates

IDFL provides a complete array of testing for DWR down.

- Initial testing for complete evaluation of new treatments includes a package of many core down tests and DWR tests.
- IDFL offers a global standard 4-test DWR package.
- Testing of subsequent production orders for DWR down can be very simple and inexpensive.

Please contact IDFL for complete DWR testing options.
